AT

SPIRO CLINIC & WELLNESS CENTRE, LOWER GALDEFORD, LUDLOW, SHOPSHIRE, SY8 1RT

Thank you for your enquiry about these reviews, held for between 4 and 10 people. We will cover Basic and/ or Therapy 1 level practical elements – bringing you back to the original technique by tweaking individual hand positions and reminding you of the sequences perhaps not use that often. Problem cases may be discussed, a little theory covered and, when available, new research information shared. I will also want to feel your hands with some or all of; short-neck, pumps and scoops. Bring couch roll or hygiene sheet to lie on and drapes, pens & paper and, if you wear contact lenses or a dental plate or bridge, solution and container. Wear comfortable clothing.

Each day runs from 9am – 5pm with about 1 hour for lunch and short morning & afternoon breaks. I provide drinks and snacks. For lunch you can bring your own or pop into town (600 meters).

Note the change of venue. This one is adjacent to a long-stay car park with a daily rate of £2.40 when I prepared this document.
